The length of the eligible fish shall be calculated to the closest inch or 1/2 inch. The top team will be the team that catches the most of the species list and whose overall accumulated inches are the greatest. A team must have a minimum of two members. There is no maximum, but the entire team must fish from the same boat.

Captains:

All captains/anglers or their representative shall attend the Captain's meeting on Friday, November 18th at Redland Golf & Country Club. Each team will pick up their official tournament score sheet & measuring devices. The rules will be read at such time and any questions will be answered.

Compliance:

Each Angler will be responsible for accurately and completely filling out and signing their score sheet. Failure to comply with any rule or regulation of the tournament, Federal, or State fishing laws may result in disqualification of angler and angler's.

Weather:

All anglers will fish at their own discretion and at their own risk. If bad weather threatens the cancellation of the tournament, the tournament committee will meet and make the official ruling.
