

NATIONAL GENERAL RULES AND REGULATIONS

NOTE: General rules and regulations apply to all national competitive events and are in addition to each event's specific guidelines. Guidelines are subject to change. Please refer to the EdRising Membership Portal for the latest version.

Failure to follow the stated guidelines will result in disqualification of the student competing.

Students intending to compete at the Educators Rising National Conference must complete 3 required steps:

1. **Be an Active-level paid national member** of Educators Rising for the current school year. State-level membership must be paid, if applicable. [Click here to join.](#)
2. **Complete the online application** and upload all required materials in their final form by the stated deadline on the [National Competition page](#) located in the Student Resources section in the EdRising Membership Portal. **This is NOT done automatically if you competed at a state or regional conference.**
3. [Register to attend](#) the Educators Rising National Conference.

Eligibility

- Students must be paid Active-level student members of Educators Rising by **February 1st** of the year in which they are competing. **Check or credit card payment must be received in the National Office by February 15th to be considered an Active-level member.**
- **Students may only compete in one competitive event.**
- **For contests:** Teacher leaders may enter up to two entries (individual or dual) per school in each event per division.
 - Dual means two students participating.
 - For dual entries consisting of students of varying grade levels, the entry will be placed in the division for the grade level of the most senior member.
- **For competitions:** Teacher leaders may enter up to two entries per school in each individual event per division and one team for team events per division. Competitions/contests that are marked as individual or dual will be considered individual events for this purpose.
 - All team events must have at least two students (and no more than four) per school to qualify.
 - For teams consisting of students of varying grade levels, the team will be placed in the division for the grade level of the most senior member.
- If a competitor is from a state that holds state competitions/contests, they must first qualify in that given event at their state conference before competing in that event at the Educators Rising National Conference. Contact your state/regional coordinator to see if your state offers competitive events. Visit our [state program page](#) on the Educators Rising national website to contact your state/regional coordinator.
- For states that offer state-level competitive events, the top ten places in each competition for each division offered by the state will be eligible to compete at the Educators Rising National Conference.
- For contests, you must compete in a state-level event in order to be eligible to compete at the Educators Rising National Conference. Only entries scoring 97-100 will be eligible to advance to nationals. No other entrants from states that offer the competitive events at the state level will be eligible for those state-level-offered competitive events.
- For national team competitions, schools are permitted to replace up to fifty percent of the original team members who qualified at the state-level. Substitutions are not permitted in Individual or Dual competitions or contests. **Replacements can be made up to 7 days prior to the conference. No replacements can be made after this time or onsite.**
- For states that do not offer state-level competitive events, students may register to compete in those events at the Educators Rising National Conference. This applies to all Educators Rising national competitions. This does not apply to contests since you must qualify at state first before moving to nationals.
 - For example, if you want to compete in Public Speaking but place eleventh or lower in your state-level Public Speaking competition or don't compete in the state-level competitions at all — you cannot compete in Public Speaking at the National Conference this year. If you live in a state that didn't hold a Public Speaking state-level competition, you may register to compete in that event at the Educators Rising National

 - Middle School — Grades 7, 8
 - High School Junior Varsity— Grades 9, 10
 - High School Varsity level — Grades 11, 12

Application and Submission

- All submitted materials must reflect original work from the 2026-2027 school year. Material that may have been created or submitted in previous years is ineligible.
- **To be scheduled to compete in a national competition, all competitor applications, national dues, and required materials must be submitted online by the deadline stated on the [National Competitions page](#) in the Student Resources Section of the EdRising Membership Portal. **Deadline extensions will NOT be granted.****
 - **All competitions and contests require an online application submission, even if no additional items need to be submitted.** Students who have won state-level competitive events must also submit their entries on the national website by the deadline to compete at the national conference. Your state does not do this for you.
 - **Only one application can be submitted for team competitions** which lists all team members in all places indicated on the application form.
 - Each competition guideline will identify the materials are required for submission before the competition. Failure to submit the required materials by the submission deadline will result in disqualification. All submitted materials must be in their final form.
- All video files submitted in advance must be uploaded to YouTube and be linked to the application form. Videos will not be accepted by mail. All videos and presentations must be brought to the conference on a USB drive and files must be accessible without internet access. If students plan to use their own devices for presentation, students must be able to connect their device via HDMI to an external projector without assistance.

- Laptops and projectors will be provided. Students should bring their own pointing device if needed. Except when explicitly specified, the Internet may not be used during a competition presentation at the Educators Rising National Conference.

Conference Registration, Attendance, and Participation in Events

- **All competitors must attend the Educators Rising National Conference. Plan to arrive no later than 11 am on the first day of the conference and stay through the awards ceremony on the final day.** Conference dates and locations will be posted on the Educators Rising website and Membership Portal.
- Competitors must report to their assigned areas on time. Failure to report at their scheduled time can result in disqualification. ***Competition schedules will be posted in the [Educators Rising Membership Portal](#) one month before the conference.*** Be sure to check these schedules before planning your travel.
- Competitors are expected to dress in business-casual attire. (See the section Competition Dress Code for details on what is acceptable.) Points may be deducted from the entrant's score for failing to follow the dress code.
- Spectators are only permitted in the competitions marked "Open to Spectators." This includes parents, chaperones, teacher leaders, and other attendees. Spectators may not coach or offer any verbal or nonverbal assistance to a contestant during that contestant's assigned time slot with the judges. A breach of this guideline may result in the disqualification of the contestant.
- Teacher Leaders, Chaperones, and Parents are prohibited from approaching judges to discuss scoring or feedback. All questions or concerns should be brought to the attention of a national office staff member.

Judging and Scoring

- Scoring is based on the posted individual competition rubric.
- Final scores will be based on a scaled score. Scaled scores are calculated using several methods, including judges tie breakers and room normalizations.
- Judges will break ties in all competitive events.
- To accommodate a large number of competitors, we use multiple rooms, each with its own set of judges. We employ a well-established mathematical method to normalize scores to ensure fairness across these rooms. This method helps balance judge subjectivity and ensures all competitors have a fair shot, regardless of their assigned room.
- In each competitive event, each competitor gets an average score from the judges which is averaged with the partner judge. If there is a deviation of more than one standard

GENERAL COMPETITION INFORMATION CONT.

deviation between rooms, the two rooms are normed against one another to that deviation. The final scores used for ranking are the normalized scores (also known as scaled scores).

- Perfect scores will be excluded from the normalization process when scoring is normalized. If more than one student in the same division in the same competition receives a perfect score, a second set of judges will review the recorded presentations for those students to make a final decision.

Awards

- **For Competitions:** Medals and certificates will be presented to the top three entries in each division for individual competitions. Trophies and certificates will be presented to the top three entries in each division for team competitions. All places will receive electronic certificates after the conference.
- **For Contests:** Ribbons will be awarded to students in each category in each division with scores as follows:
 - Blue-Scores 97-100
 - Red-Scores 93-96
 - White-Scores 90-92

Inquiry Process

- The student scores will be released directly to the participating student(s) after the conference. The scores will provide individual judges' scores, the average score for the two judges, and the normalized score (if necessary).
- Students will have 3 business days to file an inquiry regarding the validity of their score. They must complete the online inquiry request form and submit all required documentation for consideration. **No appeal will be accepted after the 3-day period.**
- Staff will review the scoring and respond to the inquiry within 30 days. **All decisions are final.**

Go to the Resources section to find the posted schedules. Be sure to check these schedules prior to planning your travel. Competitors should plan to be available for competitions from 1 PM (conference time zone) on opening day through the awards celebration on the afternoon of the last day.
- ☐ **Practice, practice, practice!** The best way to prepare for your on-site competition is to practice in front of your peers. Recommendation: Reread the National Competition Guidelines and Rubric for your competition.
- ☐ **Head to Nationals!** National placers will be announced at the National Conference Awards Celebration on the final day of the conference. Don't miss your chance to be recognized! Be sure that when you plan your transportation for the conference you can attend this final celebration.

LESSON PLANNING AND DELIVERY COMPETITION

Career & Technical Education (CTE)

COMPETITION TYPE: Individual — Closed to spectators

ELIGIBILITY LEVELS: High School Junior Varsity, High School Varsity

EDUCATORS RISING STANDARDS:

- Standard I: Understanding the Profession
- Standard II: Learning About Students
- Standard III: Building Content Knowledge
- Standard IV: Engaging in Responsive Planning
- Standard V: Implementing Instruction
- Standard VI: Using Assessments and Data
- Standard VII: Engaging in Reflective Practice

“Rigorous, relevant, and results-driven CTE programs are vital to preparing students to succeed in the global economy of the 21st century... Millions of Americans and their families stand to benefit from the transformation and elevation of career and technical education.”

— Former U.S. Secretary of Education Arne Duncan

Contest Purpose

Planning, preparing, and delivering effective instruction is the heart of the work of all educators. This competition challenges young educators to plan and deliver a lesson of their choosing to an actual CTE classroom of students. Self-reflection following the lesson is an essential component of this competition; a clear-eyed evaluation of what you’ve done is the best way to learn and make wise choices in the future.

Educators Rising is a Career and Technical Student Organization. Many Educators Rising chapters across the nation operate as part of a CTE program of study. This competition is an opportunity to explore paying forward that positive experience of being in an excellent CTE program.

This competition encourages Educators Rising members to try out teaching a lesson as a Career Tech teacher. To enter this competition, a student will teach a lesson in a real CTE classroom. CTE programs prepare students to succeed in the world of employment through authentic, real-world experiences and hands-on learning. The CTE programs of the future need exceptional teachers to lead them. **For this competition, Educators Rising members must plan and deliver a lesson in any of the [16 Career Clusters](#) or their 79 Career Pathways.**

For models of excellence, students are strongly encouraged to examine the videos and reflective commentaries of National Board Atlas Videos in the Student Resources section of the EdRising Membership Portal.

Resources to Consider When Creating Your Lesson Plan

Competitors are encouraged to utilize a range of instructional frameworks to design rigorous and engaging lessons:

- [Using Bloom’s Taxonomy in Lesson Planning](#) (July 3, 2023, by Niall McNulty)
- [Depth of Knowledge \(DOK\)](#)
- [UDL](#)
- [Differentiation](#)

Models of Accomplished Teaching Practice

Students are strongly encouraged to examine models of excellence by engaging with the videos and accompanying reflective commentaries found in the [National Board for Professional Teaching Standards Atlas Videos](#), available in the Student Resources section of the Educators Rising Membership Portal.

- These resources provide authentic examples of accomplished teaching practice, offering insight into instructional decision-making, student engagement strategies, and reflective professional thinking aligned to high standards of the profession.
- Seeking advice from professionals in the field is encouraged.

Lesson plans should demonstrate meaningful student engagement, problem-solving, and application of learning beyond rote recall.

The Lesson Plan Template may be used but it is not required.

Competition Guidelines

There are three components to this competition:

- ***A written lesson plan:*** submitted and scored by judges prior to the national conference.
- ***A lesson delivery video:*** submitted and scored by judges prior to the national conference, but also brought by the competitor to the on-site competition, and
- ***A reflection between contestant and on-site judges at the national conference.*** This includes a student presenting his/her reflections about the lesson as well as an interactive Q&A exchange.

LESSON PLAN: A written lesson plan

- A. The lesson plan must be submitted online, and the competitor must provide his/her name, the name of the classroom teacher and the school where the lesson was taught, the grade level and subject, and date lesson was performed.
- B. The lesson plan should also include the following components: lesson topic, lesson title and overview, learning objectives and aligned standards, vocabulary/concepts, essential questions, lesson cycle/instructional sequence, assessment methods, differentiation and Universal Design for Learning (UDL) strategies, Technology integration, references/resources.
- C. The lesson content and grade level are the entrant's decision.

LESSON DELIVERY: A 10-minute-or-less video

- A. The lesson described in the plan must be delivered to an actual classroom of students with the classroom teacher present. The classroom teacher may not be the entrant's Educators Rising teacher leader.
- B. A 10-minute video, clearly depicting the entrant

delivering the lesson, must be submitted online along with the lesson plan. Do not exceed the 10-minute length. *Only the first 10 minutes of the video will be judged.* (Given that most lessons take longer than 10 minutes, your video may be edited to include compilation of important parts of your lesson.)

- C. The video is to be submitted in advance. It must be uploaded to YouTube and be linked on the application form. Videos will not be accepted by mail. The video will not be shown as a part of the presentation. The onsite presentation is dedicated to interactive reflection.
- D. Competitor must bring their video to the competition site on a USB drive.
- E. By submitting a video for this Educators Rising national competition, the competitors are assuming full responsibility for ensuring that all competition materials comply with the Family Educational Rights and Privacy Act (FERPA) and all applicable local district policies regarding student privacy and data protection. Any submission containing identifiable student information—including, but not limited to,

names, faces in the video, voice recordings, voices, or student work samples—must have appropriate documented consent from parents/guardians and/or students, as required by applicable laws and district policies. If permission has not been granted, faces should be blurred or only the back of the students should be visible. By submitting materials, the submitter certifies that all necessary permissions have been obtained and maintained.

REFLECTION: An interactive session with judges

- A. The entrant will have 10 minutes with a panel of judges to engage in a structured reflection on the lesson. During this time, the entrant must demonstrate deep, evidence-based reflection on the full instructional process, including planning, delivery and assessment of student learning. The reflections must include:
 - a. Specific analysis of what was effective and why, supported by examples from

the lesson

- b. Identification of areas for improvement including instructional decisions that could be adjusted
 - c. Clear, strategic next steps to enhance future student learning and engagement
 - d. Explanation of what was learned and how it will inform the entrant's development as an educator
- B. A slide deck is optional and should only be used if the use of slides enhances the clarity and organization of the reflection. The quality of the reflection, not the use of visual aids, will be the primary focus of evaluation.
- C. Note cards or papers containing entrant-generated material to support the reflection are permitted.
- D. Judges may ask follow-up questions during the 10-minute reflective, interactive session.
