We're changing the way kids get into teaching.

Most schools use Educators Rising to power their CTE program with support for a CTSO using these five components.

**EDUCATORS
RISING**

Why is our solution relevant today?

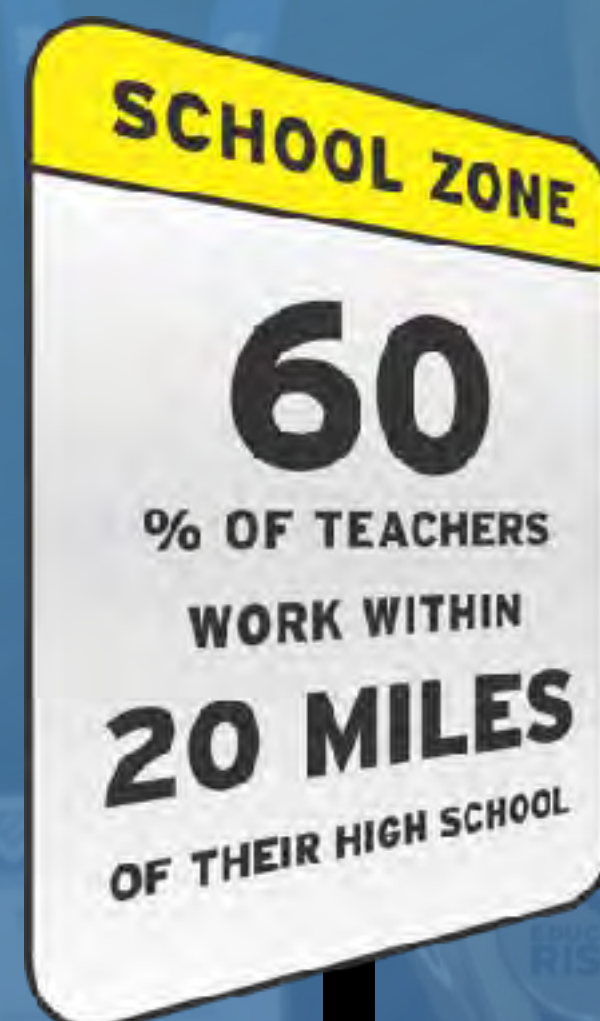

270,000 underqualified teachers

55,000 vacancies

1.6B baby-boomers retiring

**The teacher shortage is real—
but we can solve it.**

High School Grow Your Own
acknowledges that tomorrow's
teachers are in today's classrooms.

Why is our solution relevant today?

53%
student
diversity

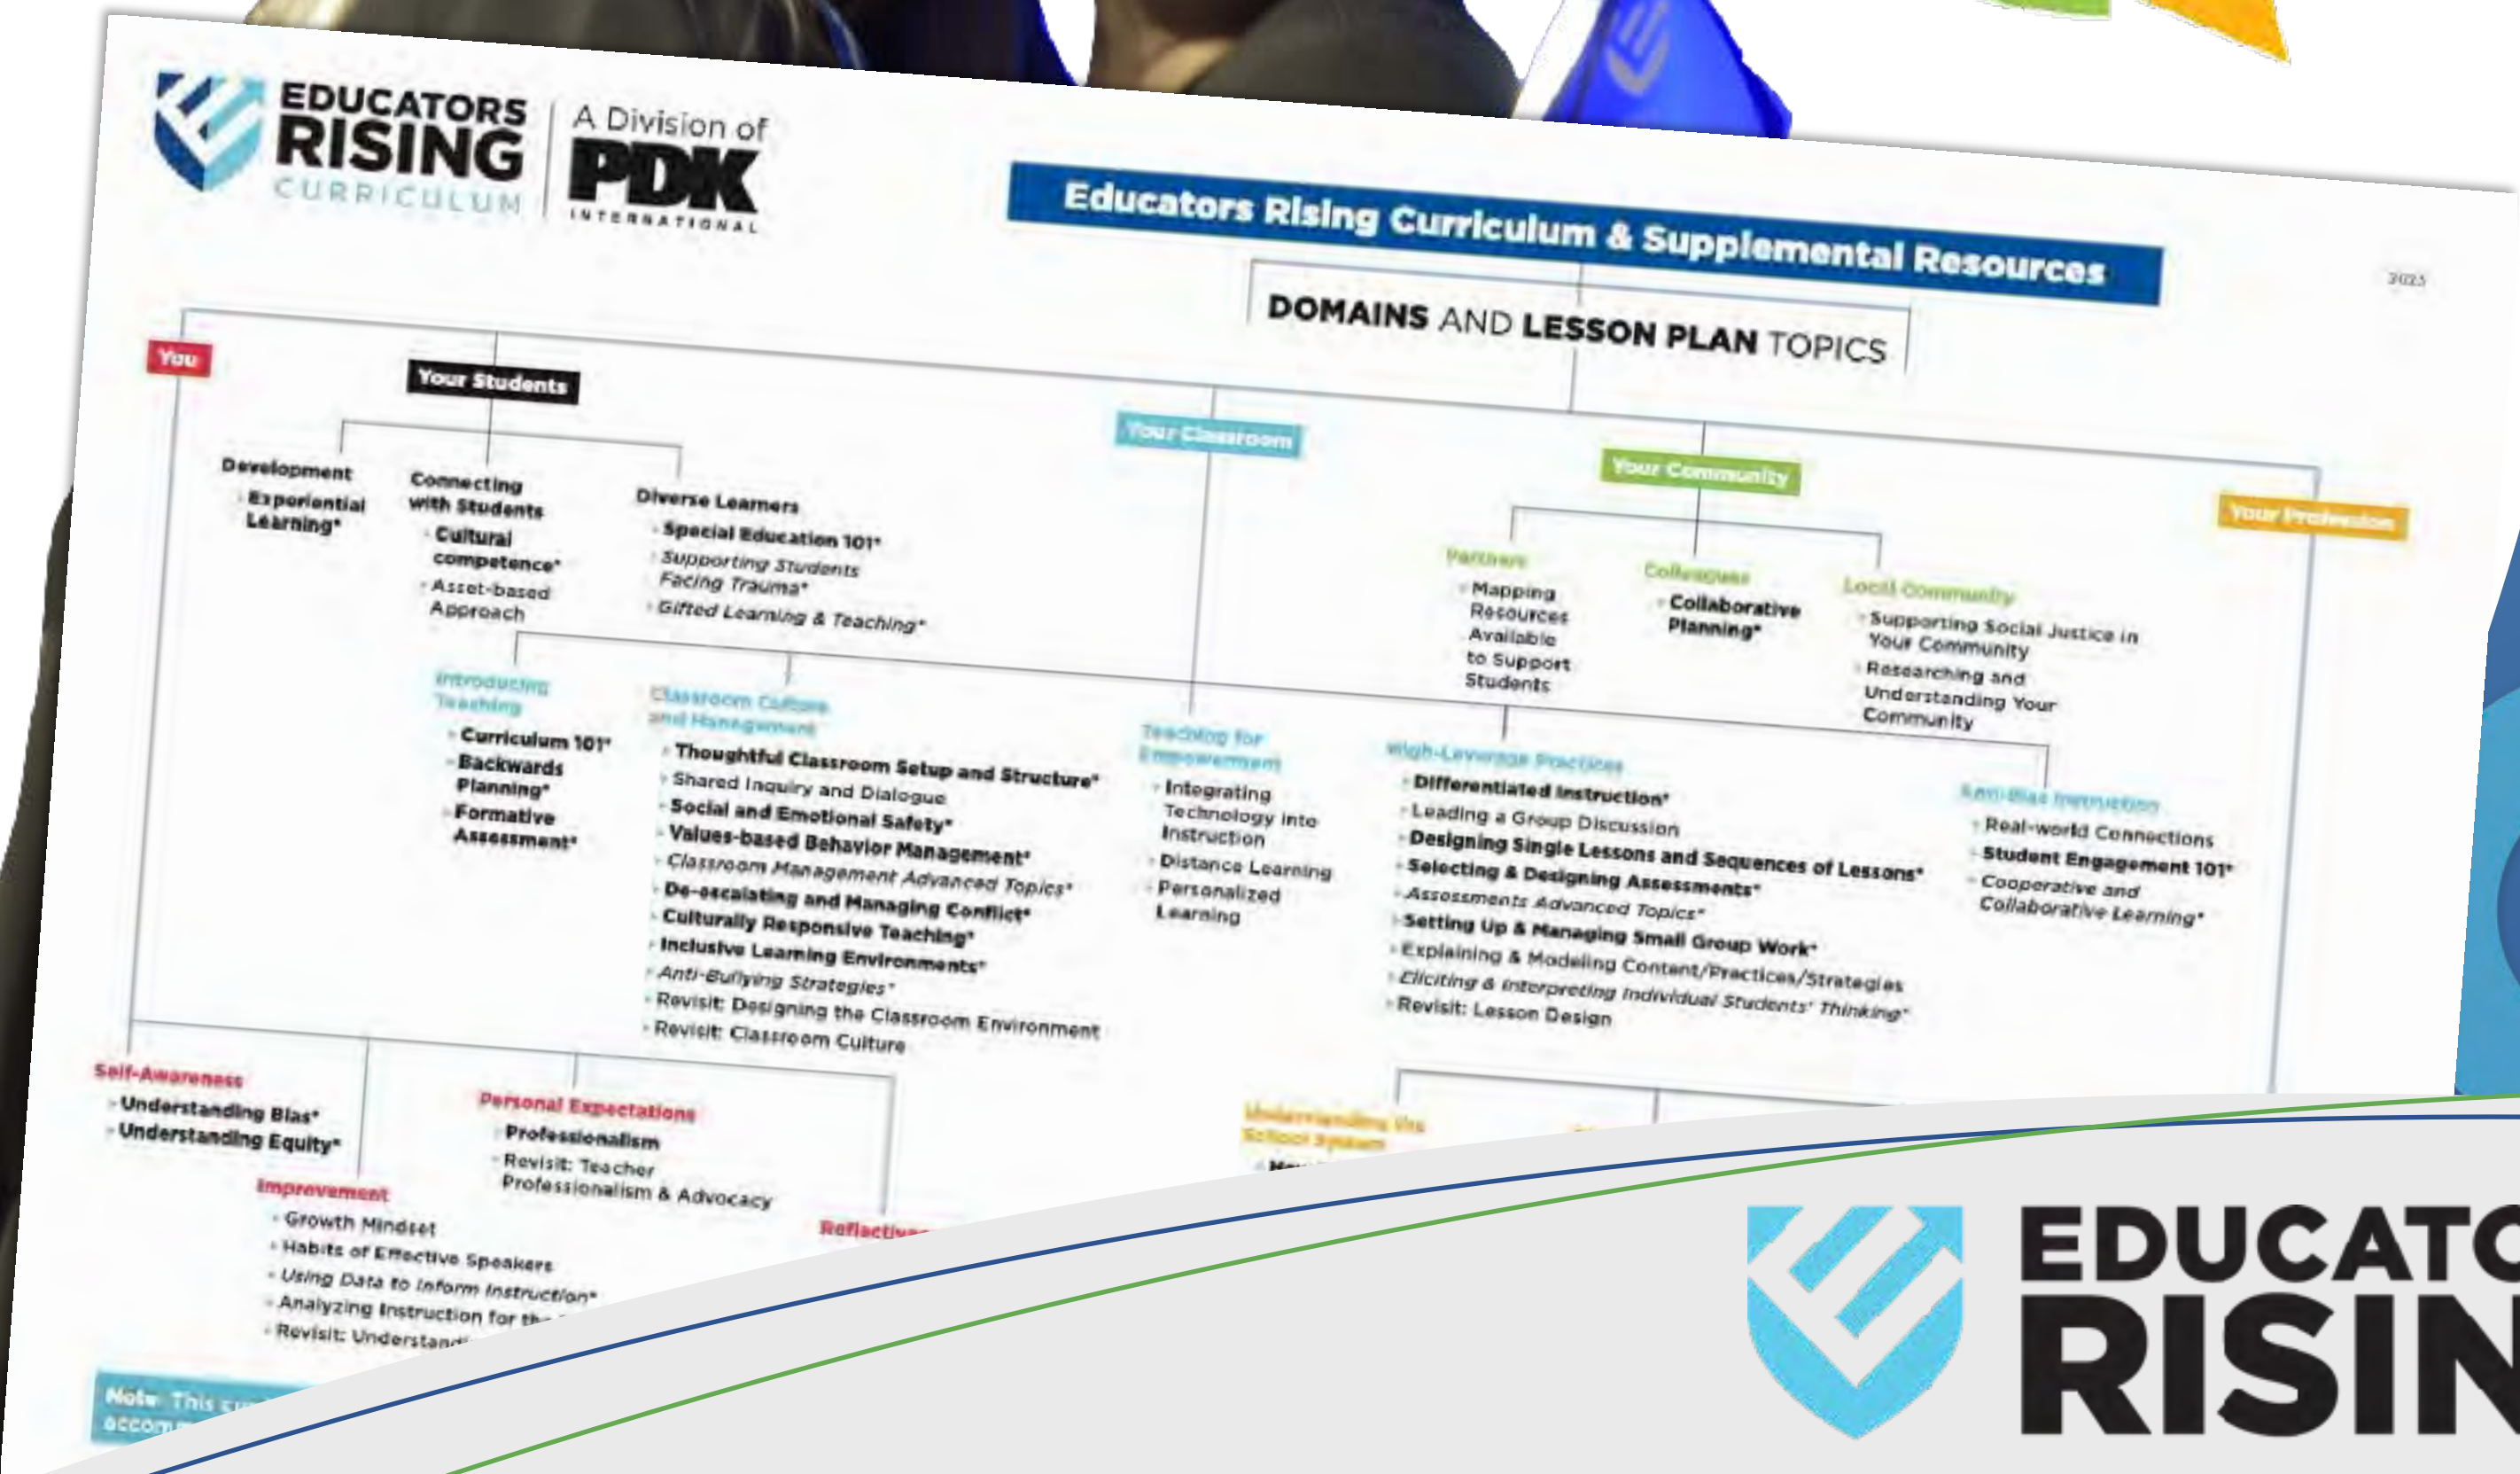

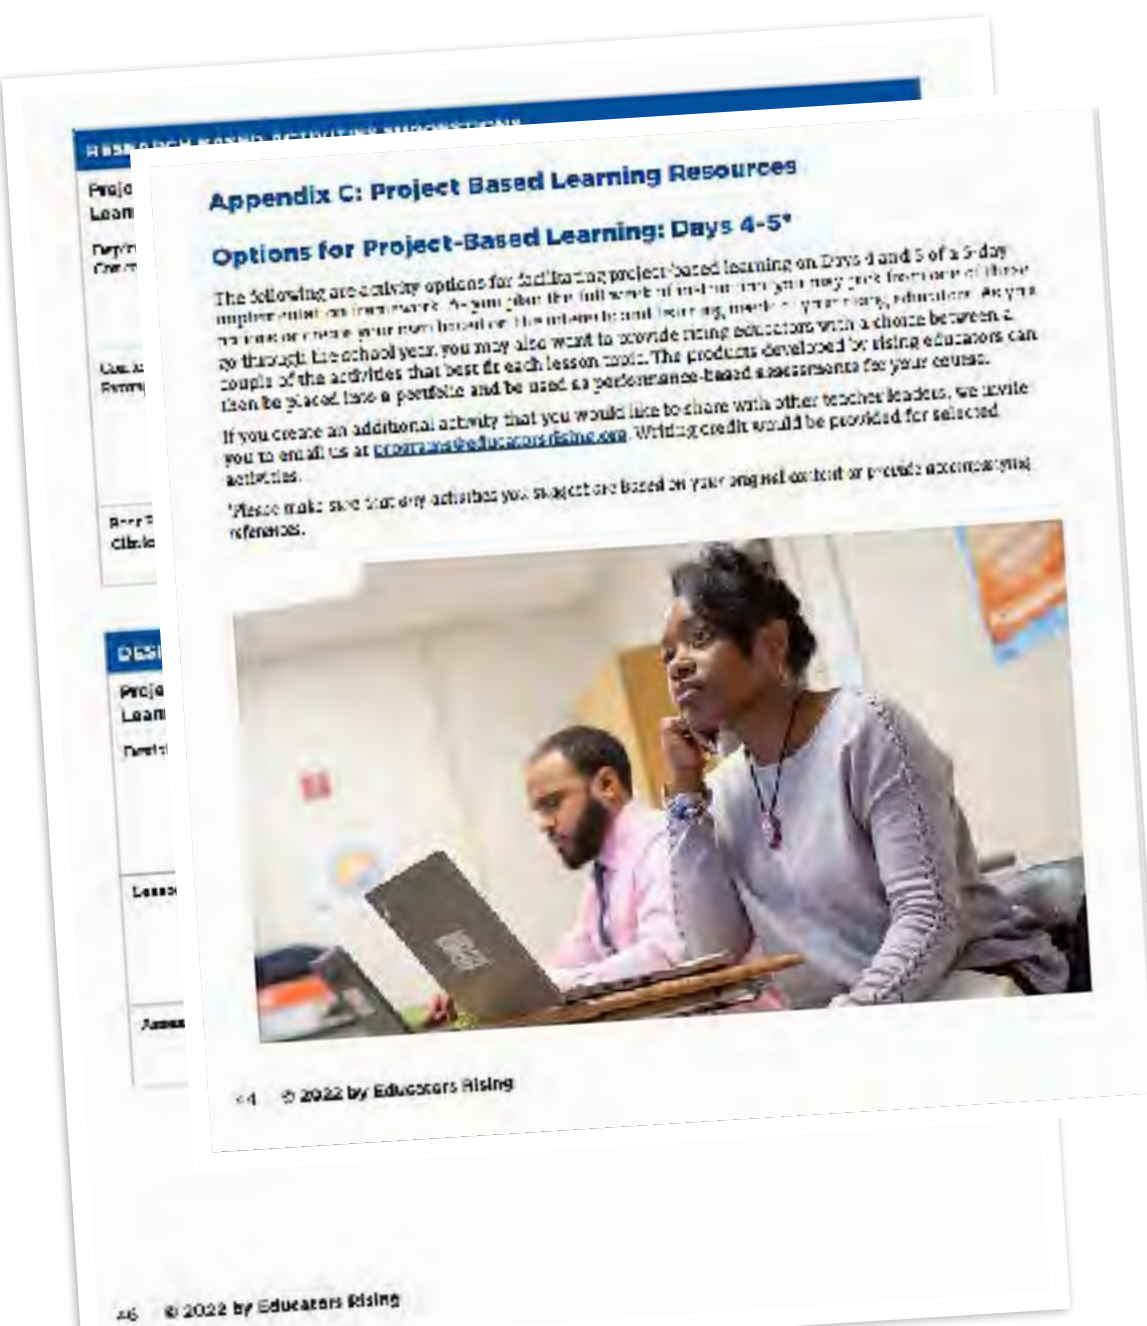

The teacher workforce does not reflect the diversity of the student population.

Educators Rising Curriculum

Built upon the Educators Rising Standards

- I. Understanding the Profession
- II. Learning About Students
- III. Building Content Knowledge
- IV. Engaging in Responsive Planning
- V. Implementing Instruction
- VI. Using Assessments and Data
- VII. Engaging in Reflective Practice

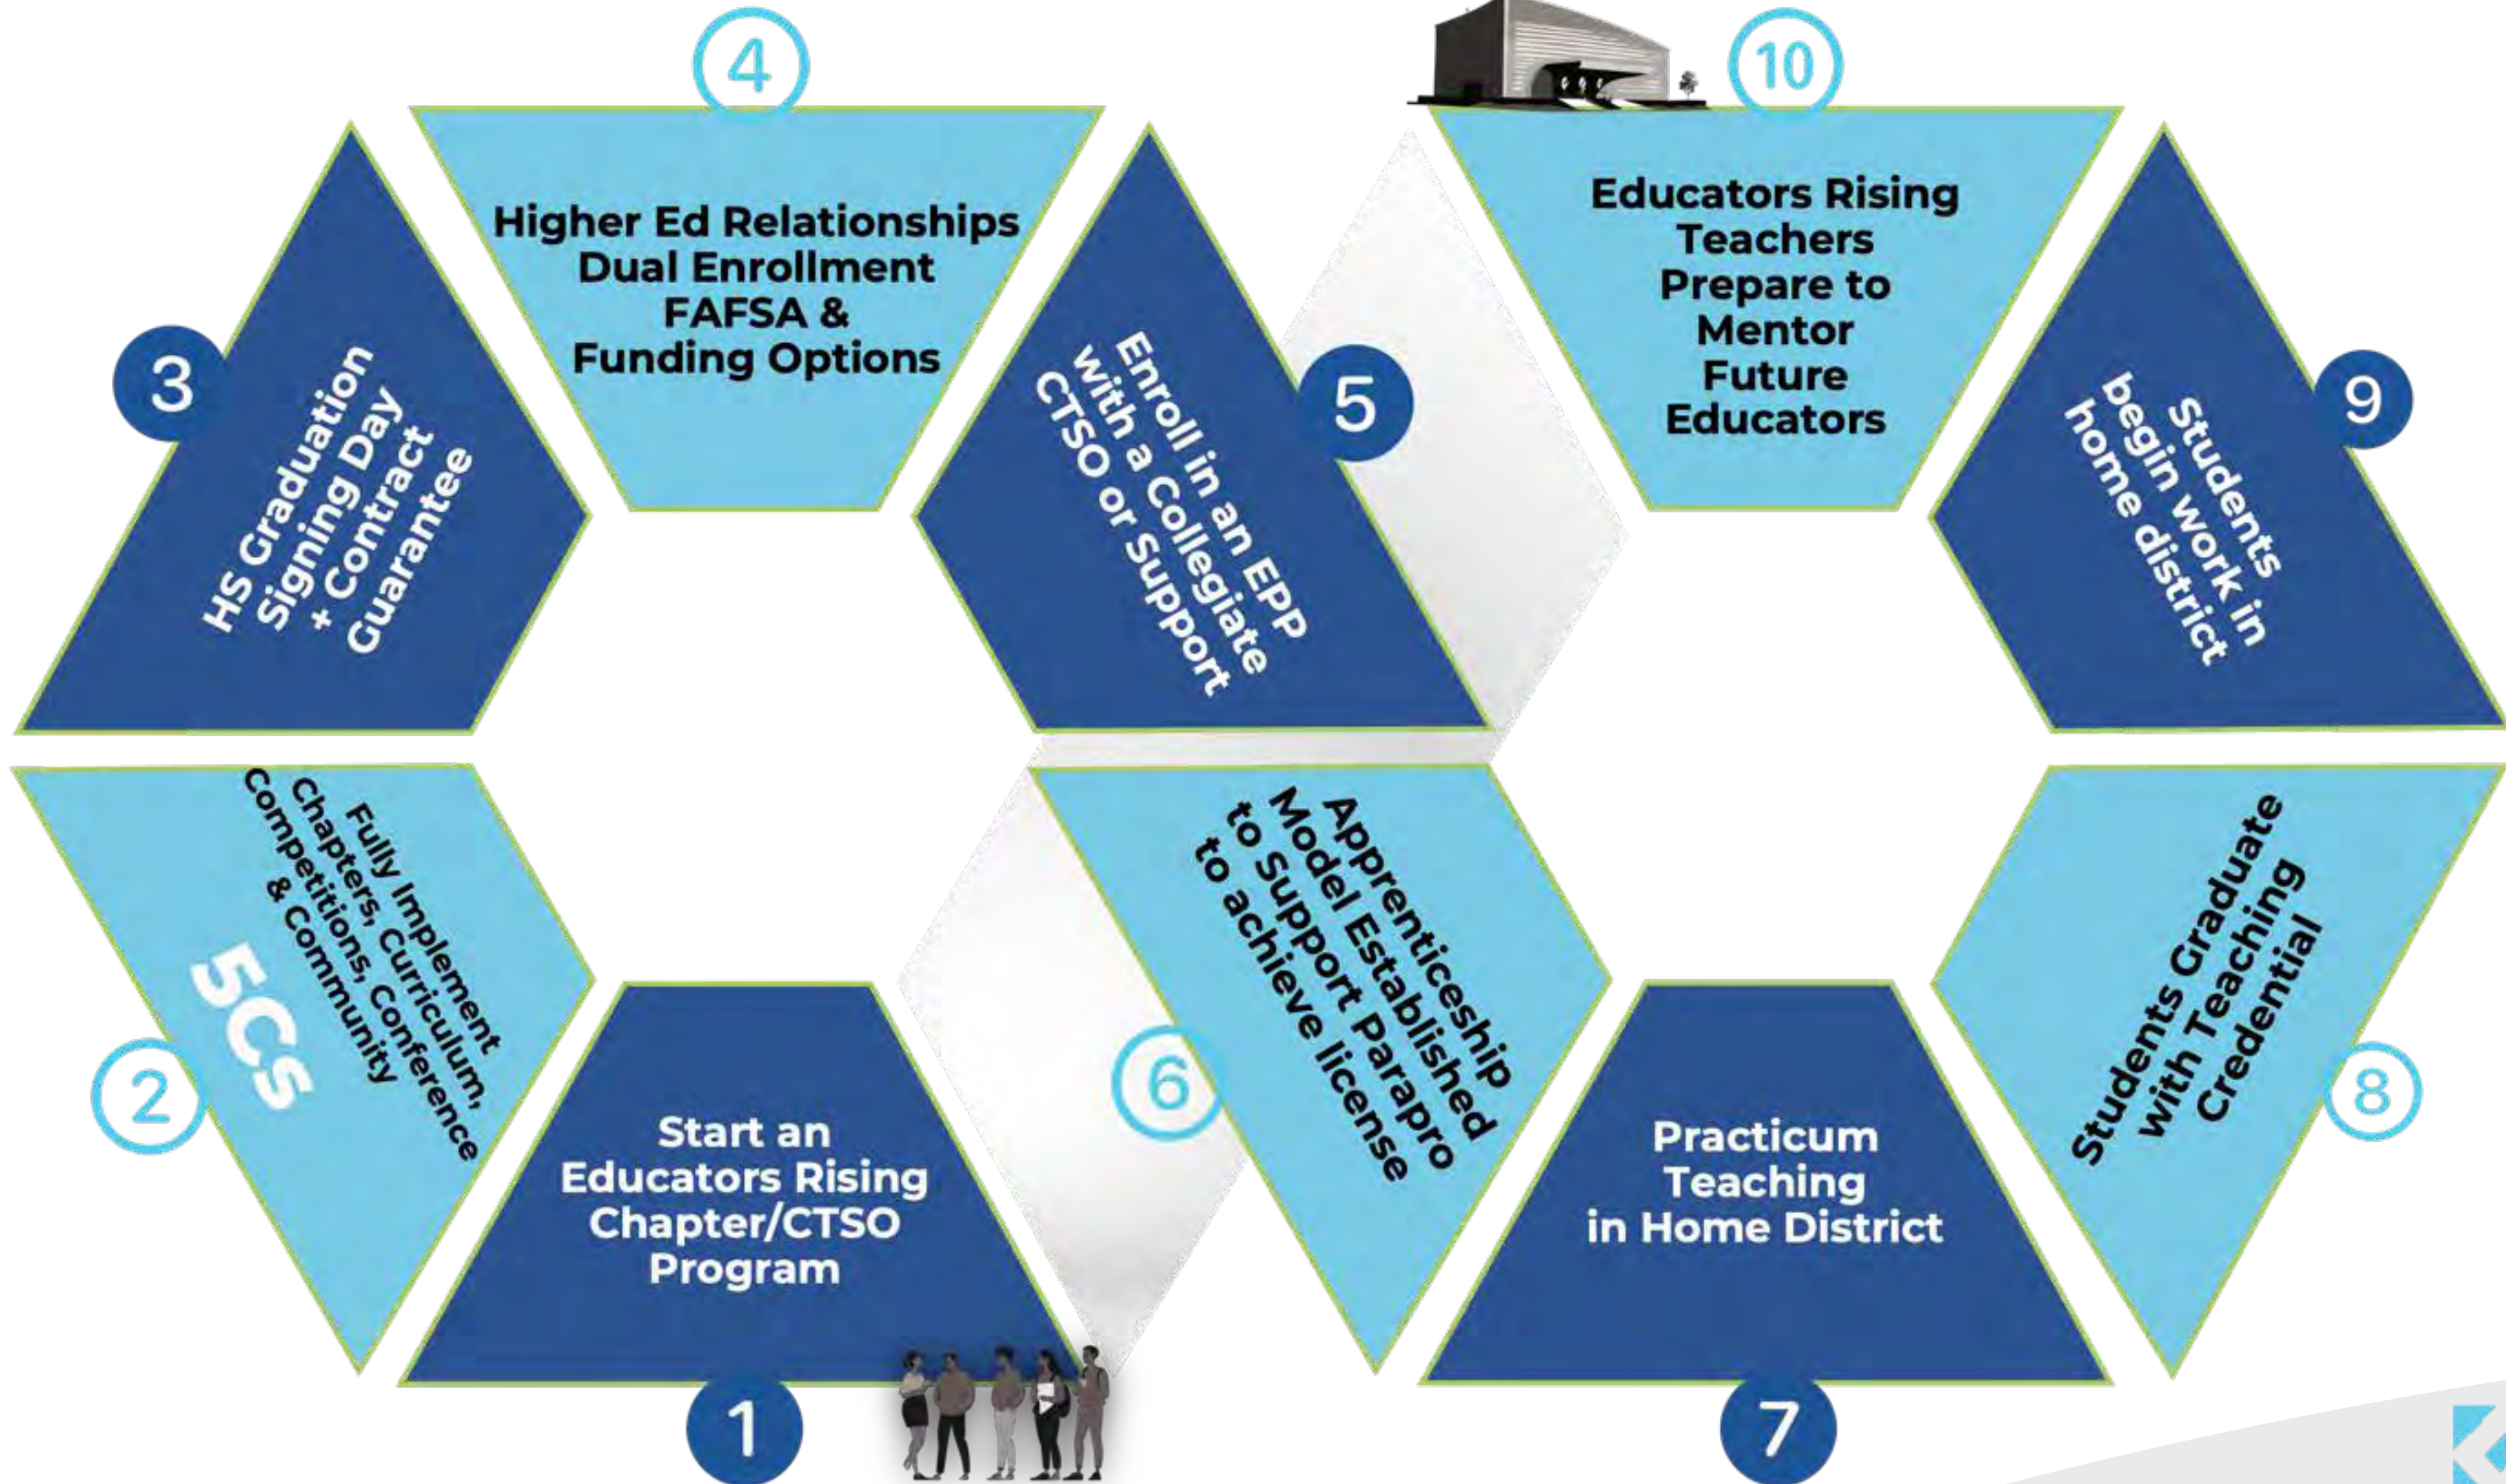

From an afterschool club—to a CTE program—to a national movement...

*You can create a chapter today with just **1 teacher** and **1 student***

Educators Rising is the foundation of your community's solution.

Grow Your Own is Powerful.

When districts reach out for hiring, they want to find candidates who were in Educators Rising, because they know that these students are that much more established than the standard new educator.

—Lindsey Jensen
2018 Illinois State Teacher of the Year
