

NATIONAL GENERAL RULES AND REGULATIONS

NOTE: General rules and regulations apply to all national competitive events and are in addition to each event's specific guidelines. Guidelines are subject to change. Please refer to the EdRising Membership Portal for the latest version.

Failure to follow the stated guidelines will result in disqualification of the student competing.

Students intending to compete at the Educators Rising National Conference must complete 3 required steps:

1. **Be an Active-level paid national member** of Educators Rising for the current school year. State-level membership must be paid, if applicable. [Click here to join.](#)
2. **Complete the online application** and upload all required materials in their final form by the stated deadline on the [National Competition page](#) located in the Student Resources section in the EdRising Membership Portal. **This is NOT done automatically if you competed at a state or regional conference.**
3. [Register to attend](#) the Educators Rising National Conference.

Eligibility

- Students must be paid Active-level student members of Educators Rising by **February 1st** of the year in which they are competing. **Check or credit card payment must be received in the National Office by February 15th to be considered an Active-level member.**
- **Students may only compete in one competitive event.**
- **For contests:** Teacher leaders may enter up to two entries (individual or dual) per school in each event per division.
 - Dual means two students participating.
 - For dual entries consisting of students of varying grade levels, the entry will be placed in the division for the grade level of the most senior member.
- **For competitions:** Teacher leaders may enter up to two entries per school in each individual event per division and one team for team events per division. Competitions/contests that are marked as individual or dual will be considered individual events for this purpose.
 - All team events must have at least two students (and no more than four) per school to qualify.
 - For teams consisting of students of varying grade levels, the team will be placed in the division for the grade level of the most senior member.
- If a competitor is from a state that holds state competitions/contests, they must first qualify in that given event at their state conference before competing in that event at the Educators Rising National Conference. Contact your state/regional coordinator to see if your state offers competitive events. Visit our [state program page](#) on the Educators Rising national website to contact your state/regional coordinator.
- For states that offer state-level competitive events, the top ten places in each competition for each division offered by the state will be eligible to compete at the Educators Rising National Conference.
- For contests, you must compete in a state-level event in order to be eligible to compete at the Educators Rising National Conference. Only entries scoring 97-100 will be eligible to advance to nationals. No other entrants from states that offer the competitive events at the state level will be eligible for those state-level-offered competitive events.
- For national team competitions, schools are permitted to replace up to fifty percent of the original team members who qualified at the state-level. Substitutions are not permitted in Individual or Dual competitions or contests. **Replacements can be made up to 7 days prior to the conference. No replacements can be made after this time or onsite.**
- For states that do not offer state-level competitive events, students may register to compete in those events at the Educators Rising National Conference. This applies to all Educators Rising national competitions. This does not apply to contests since you must qualify at state first before moving to nationals.
 - For example, if you want to compete in Public Speaking but place eleventh or lower in your state-level Public Speaking competition or don't compete in the state-level competitions at all — you cannot compete in Public Speaking at the National Conference this year. If you live in a state that didn't hold a Public Speaking state-level competition, you may register to compete in that event at the Educators Rising National

Your state does not do this for you.
 - **Only one application can be submitted for team competitions** which lists all team members in all places indicated on the application form.
 - Each competition guideline will identify the materials are required for submission before the competition. Failure to submit the required materials by the submission deadline will result in disqualification. All submitted materials must be in their final form.

Conference Registration, Attendance, and Participation in Events

- **All competitors must attend the Educators Rising National Conference. Plan to arrive no later than 11 am on the first day of the conference and stay through the awards ceremony on the final day.** Conference dates and locations will be posted on the Educators Rising website and Membership Portal.
- Competitors must report to their assigned areas on time. Failure to report at their scheduled time can result in disqualification. ***Competition schedules will be posted in the [Educators Rising Membership Portal](#) one month before the conference.*** Be sure to check these schedules before planning your travel.
- Competitors are expected to dress in business-casual attire. (See the section Competition Dress Code for details on what is acceptable.) Points may be deducted from the entrant's score for failing to follow the dress code.
- Spectators are only permitted in the competitions marked "Open to Spectators." This includes parents, chaperones, teacher leaders, and other attendees. Spectators may not coach or offer any verbal or nonverbal assistance to a contestant during that contestant's assigned time slot with the judges. A breach of this guideline may result in the disqualification of the contestant.
- Teacher Leaders, Chaperones, and Parents are prohibited from approaching judges to discuss scoring or feedback. All questions or concerns should be brought to the attention of a national office staff member.

Judging and Scoring

- Scoring is based on the posted individual competition rubric.
- Final scores will be based on a scaled score. Scaled scores are calculated using several methods, including judges tie breakers and room normalizations.
- Judges will break ties in all competitive events.
- To accommodate a large number of competitors, we use multiple rooms, each with its own set of judges. We employ a well-established mathematical method to normalize scores to ensure fairness across these rooms. This method helps balance judge subjectivity and ensures all competitors have a fair shot, regardless of their assigned room.
- In each competitive event, each competitor gets an average score from the judges which is averaged with the partner judge. If there is a deviation of more than one standard

GENERAL COMPETITION INFORMATION CONT.

deviation between rooms, the two rooms are normed against one another to that deviation. The final scores used for ranking are the normalized scores (also known as scaled scores).

- Perfect scores will be excluded from the normalization process when scoring is normalized. If more than one student in the same division in the same competition receives a perfect score, a second set of judges will review the recorded presentations for those students to make a final decision.

Awards

- **For Competitions:** Medals and certificates will be presented to the top three entries in each division for individual competitions. Trophies and certificates will be presented to the top three entries in each division for team competitions. All places will receive electronic certificates after the conference.
- **For Contests:** Ribbons will be awarded to students in each category in each division with scores as follows:
 - Blue-Scores 97-100
 - Red-Scores 93-96
 - White-Scores 90-92

Inquiry Process

- The student scores will be released directly to the participating student(s) after the conference. The scores will provide individual judges' scores, the average score for the two judges, and the normalized score (if necessary).
- Students will have 3 business days to file an inquiry regarding the validity of their score. They must complete the online inquiry request form and submit all required documentation for consideration. **No appeal will be accepted after the 3-day period.**
- Staff will review the scoring and respond to the inquiry within 30 days. **All decisions are final.**

LESSON PLANNING AND DELIVERY COMPETITION

CDA/Early Childhood Education

COMPETITION TYPE: Individual — Closed to spectators

ELIGIBILITY LEVELS: High School Junior Varsity, High School Varsity

EDUCATORS RISING STANDARDS:

- Standard I: Understanding the Profession
- Standard II: Learning About Students
- Standard III: Building Content Knowledge
- Standard IV: Engaging in Responsive Planning
- Standard V: Implementing Instruction
- Standard VI: Using Assessments and Data
- Standard VII: Engaging in Reflective Practice

“The emotional, social and physical development of young children has a direct effect on their overall development and on the adult, they will become. That is why understanding the need to invest in very young children is so important, to maximize their future well-being.”

—National Association for the Education of Young Children (NAEYC)

Contest Purpose

Planning, preparing, and delivering effective instruction is the heart of the work of all educators. Early childhood education (ECE) is a branch of education, which relates to the teaching of young children from birth up until the age of eight. High quality early childhood education programs focus on developing the whole child by supporting the physical, cognitive, and social-emotional development based on children’s individual needs.

This competition encourages Educators Rising members to complete a component of the resource collection from the Child Development Associate (CDA) Credential, a nationally recognized early childhood credential. Then members will try out teaching as an early childhood teacher by planning and implementing learning activities from the CDA resource collection weekly plan (RCI-3) of their creation to children in an actual early childhood classroom. Additional information pertaining to the CDA credential can be found at <http://www.cdacouncil.org/>.

Self-reflection following the lesson is an essential component of this competition; therefore, a reflective presentation will be used to explain how learning needs of young children were supported by the learning activities and an assessment of the outcomes. For models of excellence, students are strongly encouraged to examine the videos and reflective commentaries of National Board Atlas Videos in the Student Resources section of the EdRising Membership Portal.

Resources to consider when creating your lesson plan

- [CDA Professional Portfolio Resource Collection I-3 - post - CDA Certification](#)

Competition Guidelines

There are three components to this competition:

- **A written weekly plan based on the requirements of the CDA Resource collection: RC I-3:** submitted and scored by judges prior to the national conference.
- **A learning activities video:** submitted and scored by judges prior to the national conference but also brought by the competitor to the on-site competition [The video is NOT to be screened during the on-site presentation at the national conference; the time is reserved for an interactive reflection.]; and
- **A reflection between competitor and on-site judges at the national conference.** This includes a student presenting his/her reflections about the lesson as well as an interactive Q&A exchange.

LESSON PLAN: A written RCI-3 weekly plan

- A. The RCI-3 weekly plan must be submitted online using the provided form. The entrant will complete all components of form A by providing his/her name, the name of his/her district or career center, the name of the classroom teacher, the date and location where the learning activities were presented, the early childhood age level, the theme and goals of the weekly plan. Form B will include the titles of the weekly plan's learning activities. Form C will include standards, objectives and designation of accommodations for the five implemented learning activities. The RC1-3 must include all components, remain within 4-6 pages, and may be reproduced or enhanced with color, clip art, and/or photos.
- B. Learning activities from five different curriculum areas must be planned and implemented to the designated group of children within the birth through eight years of age range.
- C. Contestants must bring a copy of the RCI-3 weekly plan with them to the competition site.

LESSON DELIVERY: A 10-minute-or-less video

- A. Learning activities from five different curriculum areas included in the weekly plan must be implemented in an actual early childhood classroom with children who are birth to 8 years of age. The classroom supervising teacher may be the entrant's Educators Rising teacher leader.
- B. An 8-10-minute video, clearly depicting the entrant's implementation of the five learning activities, must be submitted online. Given that most learning activities take longer than 10 minutes, your video must be edited to include

documentation implementation of the five learning activities. Only the first 10 minutes of the video will be judged.

- C. The video is to be submitted in advance. It must be uploaded to YouTube and be linked on the application form. Videos will not be accepted by mail. The video will not be shown as a part of the presentation. The onsite presentation is dedicated to interactive reflection.
- D. Competitors must bring their video to the competition site on a USB drive.
- E. By submitting a video for this Educators Rising national competition, the competitors are assuming full responsibility for ensuring that all competition materials comply with the Family Educational Rights and Privacy Act (FERPA) and all applicable local district policies regarding student privacy and data protection. Any submission containing identifiable student information—including, but not limited to, names, faces in the video, voice recordings, voices, or student work samples—must have appropriate documented consent from parents/guardians and/or students, as required by applicable laws and district policies. If permission has not been granted, faces should be blurred or only the back of the students should be visible. By submitting materials, the submitter certifies that all necessary permissions have been obtained and maintained.

REFLECTION: An interactive session with judges

- A. The entrant will have 10 minutes with a panel of judges to reflect on the lesson and to share student- and/or teacher-created artifacts from the lesson. The reflection should include what

the entrant felt went well, how to improve, and what was learned from the experience that will help him/her become a better teacher. Note cards or papers containing entrant-generated material to support the reflection are permitted. A slide deck is encouraged only if the use of slides enhances the entrant's communication of his or her reflection. Slide decks are not

required. *The video will not be shown as a part of this session.*

- B. Judges may ask follow-up questions during the 10-minute reflective, interactive session.
